Doug and I were "very close friends" particularly during our junior and senior year at Lincoln High School in 1959 and 1960. We even "traded" cars once in awhile. I would drive his 1967 (I think) blue Plymouth and he would drive my "souped up" two tone green 1956 ford. I lost track of Doug later on and just last night I and wife got to thinking about him and I started a search and am sorry that I found him here. We visited him once at his home a long time ago and he seemed distant for some reason. Just didn't know why. I have thought of him many, many times over the years and am sorry now that I have "found him" that it has to be this way. May God Bless you Doug in your new life.

Doug was like a second father to me and I know I am not the only person to feel that way. It is a tribute to his children that they were willing to share him with so many people. I will be forever indebted to Doug for the time he generously gave to me while I was in Boy Scouts and the lessons I learned from his quiet but strong example.

The Beech Grove Firearms family was blessed to have Doug as a friend and mentor. I send our condolences with the heaviest of heart.
