All-Sports points are awarded according to the final placing in the four competitive sports of the conference football, basketball, track and baseball. Points toward the All Sports trophy are awarded thusly: first, 12; second, 10; third, 8; fourth, 6; fifth, 4; sixth, 2.

In case of final standing ties in respective sports, points of the tie positions are totaled and divided among those teams.

The Wampus Cats earned four points in football and 12 in basketball. Lawrenceburg won the All-Sports trophy last year and Aurora the previous year. Competition in track and baseball having a definite bearing on the standings this season, too, shows that five teams are seriously in race for the top honors.

Coach Thurman Wright's Cats will receive the basketball championship trophy at the conference meeting, March 25.
